**Free Optional Activity that is included in your registration:**The Green Bank Observatory (GBO) will be offering specialized classes and the use of the 40-foot radio telescope, free to a limited number of Star Quest registrants. **Class size and number of classes are limited! This activity is provided on a first-come first-serve basis. If you are interested: Please sign up at the registration desk when you arrive.** You will receive classroom instruction on the objects to be observed. Then at an appointed time, your group will do observing with the 40-foot radio telescope. GBO will work with teams of ten, some will be during the daytime hours and some will be at night. Each team will actually be able to collect real data that can be analyzed. There is no charge to participants for this program.

**If you have special needs or comments, please let us know:**
